Quest

Android Tablets for Absolute Beginners

Six - two hour session FREE

These sessions are aimed at anyone who owns or is thinking of buying an Android tablet computer. The six week course is an ideal follow on course for those who attend the 'Buyers Guide to Tablet Computers' session or if you already have a Tablet PC but don't really know how to use it.

The course will guide you through the basics of setting up and navigating your tablet and then take you through some practical uses of the tablet including:

- Connecting to a WiFi point.
- Customising the look and feel of the desktop.
- Downloading and installing software (apps).
- Browsing the internet and using email.
- Security and safety of your device.
- Storing and transferring information.

Not suitable for iPads. iPad users should refer to the iPad Workshop sessions
