Amber

Priority 1

Priority 1:

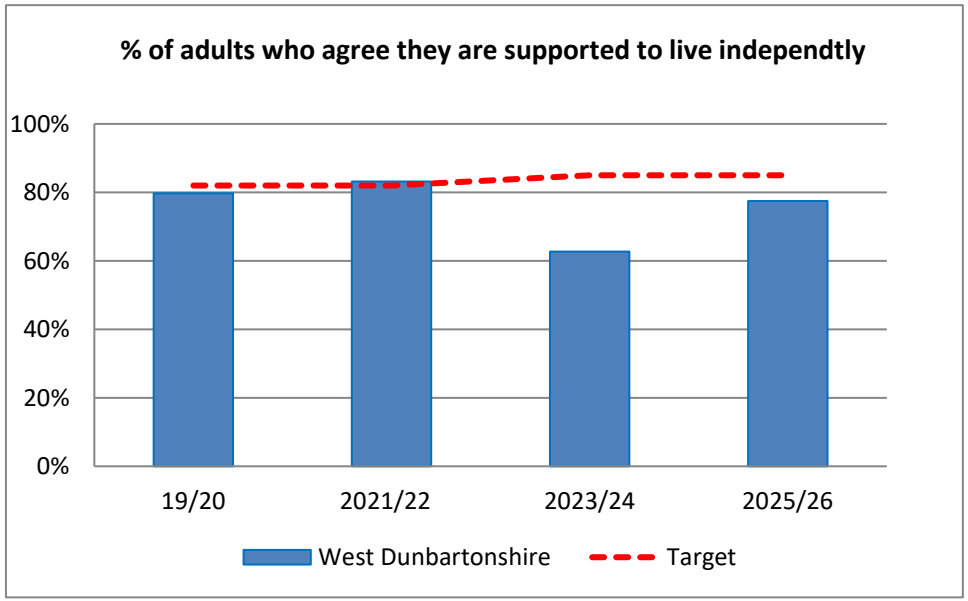

Our Communties – Resilient And Thriving

Indicator:

Percentage of Adults supported at home who agree that they are supported to live as independently as possible

Target:

85%

What does the data say?

The results for 2025/26 shows that performance has increased from the previous survey but the target was not met.

This indicator is populated from the Scottish Health and Care Experience Survey. This postal survey is carried out every two years. The latest data from the 2025/26 survey reported 77.5% of West Dunbartonshire respondents agreed that they were supported to live as independently as possible.
