It is considered that the management rules support and promote responsible use and enjoyment of the city's park and greenspaces for all users. The impact assessment of this update is an opportunity to make the rules more user friendly and relevant. Accessibility has also been improved which may be of particular benefit to some people, for example users of British Sign Language. We will ensure that all staff making decisions based on the Management Rules should have accessed and completed Equalities and Human Rights Training within the last five years, to ensure that all decisions have regard to the Equality Act 2010 and the Human Rights Act 1998
