Who will be affected by this policy?

The Place and Design Panel will have a wide reach and their impact on the quality of design should affect all aspects of society.

Who will be/has been involved in the consultation process?

In the writing of the Terms of Reference we have enlisted the support and advice of key organisations such as the Scottish Government, the Improvement Service, Architectural and Design Scotland (ADS), Homes for Scotland and Glasgow &Strathclyde Universities as well as architects, landscape architects, planners. Consultation with various officers and teams within the Council, such as the Capital Investment team, Consultancy Services, Housing, Asset Management, Regeneration, roads has been undertaken The research conducted by the Place and Design Officer was further supplemented by a Skills and Criteria Event held in October 2017. At the event representatives of the wide ranging support network (noted above) attended a round-table workshop to discuss the range of skills necessary for the successful operation of the Panel and the criteria used for the Panel workshops. The Council has agreed with the Professor in Urban Studies at Glasgow University to collaborate on a PhD research project examining how the Council is equipped to meet the Scottish Government's key priorities for Place Making in recognition that the Council are investing in the Place and Design Panel and elevating the importance of design quality in the built environment.

Please outline any particular need/barriers which equality groups may have in relation to this policy list evidence you are using to support this and whether there is any negative impact on particular groups.

	Needs	Evidence	Impact
Age	To feel ownership of spaces and included in the design processes that impact on their local area.	It is important to involve young people in design and contributes to inclusion and inter generational contact http://webarchive.n ationalarchives.gov.u k/20110118110912 /http://www.cabe.o rg.uk/files/what- would-you-do-with- this-space.pdf	Spaces that are more resilient and welcoming to younger users.
Cross Cutting			
Disability	Accessible routes, careful selection of materials and finishes, consideration of enhanced measures - going beyond the minimum expectation.	Disabled people are often under represented in organisations and processes that define the shape of developments: Good work has been done recently in terms of involving disabled people people e.g. Connecting Clydebank and this is an opportunity to build on this	Spaces created as a result of the panel are accessible to all.
Social & Economic Impact	Some influence over immediate	Low aspiration value of some areas. Poor	Raising aspirations, creating new

	environment and change processes is recognized as desirable, e.g. the direction of legislation e.g. Community Empowerment Act	employment levels and declining population.	neighbourhoods and encouraging employment and population growth.
Gender			
Gender Reassign			
Health	Encouraging the use of healthy and sustainable means of movement - walking, cycling etc. Designing spaces that encourages healthy choices.	Poor health is more common among people from deprived areas or groups. Exercise has benefits for health	Improved attitudes to alternatives to cars. Opportunities to exercise outside in 'nice' spaces.
Human Rights			
Marriage & Civil Partnership			
Pregnancy & Maternity			
Race	The Council has a duty to foster good relations, and people from all ethnic groups should have an opportunity to contribute	People from Black minority ethnic groups are still under represented on the kinds of organisations an process's es that can influence design	forum would provide an opportunity to share experiences and perspectives on a common shared interest
Religion and Belief			
Sexual Orientation			
Actions			

Policy has a negative impact on an equality group, but is still to be implemented, please provide justification for this.

Will the impact of the policy be monitored and reported on an ongoing bases?

The Place and Design Panel is unique in the way it is approaching place and design review in comparison to the delivery of other existing Design Review Panels; in recognition that a 'one size fits all' model cannot always be adopted when approaching place and design review; the first sitting of the Place and Design Panel will be a pilot. Therefore the terms of reference and governance may evolve as the Place and Design Panel adapts to meet the requirements of its role. A Panel Monitoring Board will be set up to assist in reflecting on the activities of the Panel and this will include representatives of the Scottish Government, The Improvement Service, Architecture and Design Scotland. The University of Glasgow and Senior Council officers ; such as a Strategic Director or Head of Service.

Q7 What is you recommendation for this policy?

Intoduce

Please provide a meaningful summary of how you have reached the recommendation

The impacts of the Place and Design Panel will be felt across all of the Council's regeneration projects. The potential positive impacts are wide reaching and activities operate to improve inclusivity in our regeneration projects.
