What does the data say?

Results for 2020/21 show a significant improvement in performance from the previous year. This measures improvement over time comparing performance in 2019/20 against the base year of 2016/17 and represents improvement in 9 of the 12 indicators

Delivery plans contain detail of improvement areas across the full suite of prioritised LGBF indicators. We will continue compare our performance nationally on a number of performance areas against all Scottish local authorities under the local government benchmarking framework (LGBF).
