

Priority 1

Priority 1:

Our Communities – Resilient
And Thriving

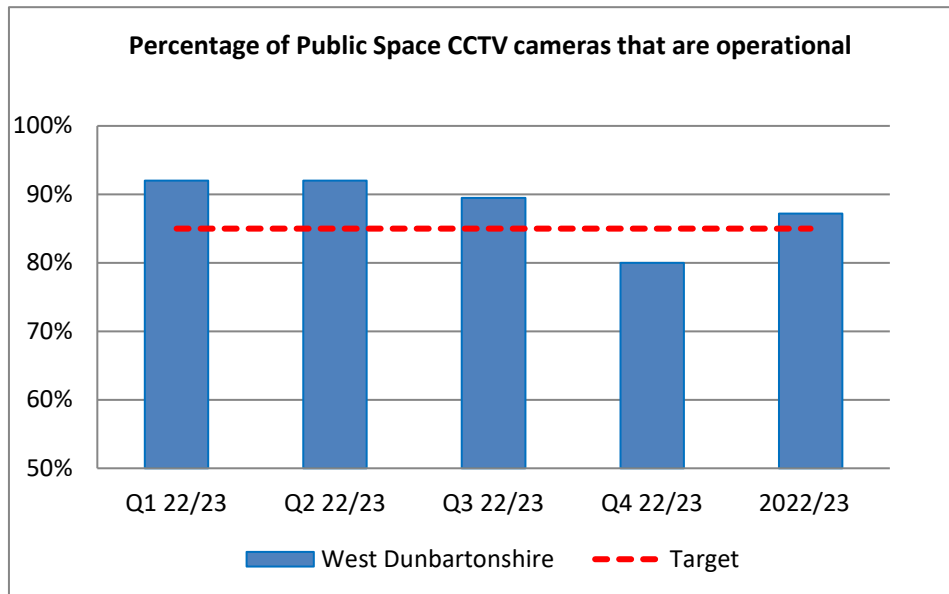

Indicator:

Percentage of Public Space CCTV
Cameras that are operational

Target:

85%

What does the data say?

Results for 2022/23 show that except for Q4 the performance had been consistently high and the 85% Target for this year was met.

Following the UK Shared Prosperity (UKSP) Funding award there are now plans to implement an extensive up-grade of the network, monitoring station and wider infrastructure. While this project is in development the existing network of cameras will be maintained.
