

Priority 2

Objective 2:

Our Environment -
A Greener Future

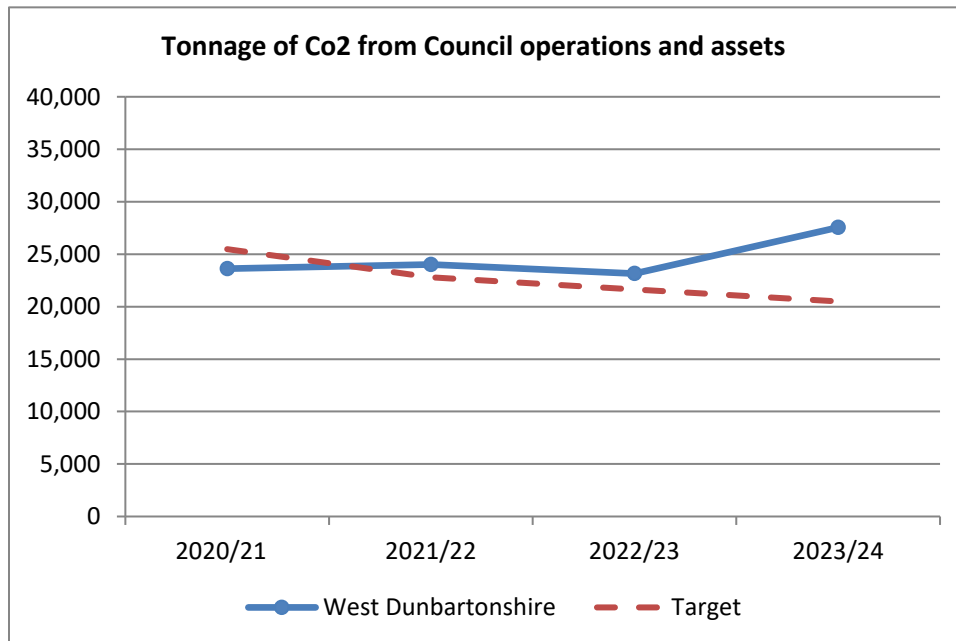

Indicator:

Tonnage of carbon dioxide emissions
from Council operations and assets

Target:

20,495 tonnes

What does the data say?

Results for 2023/24 show that the Council's carbon footprint increased by 19% from the previous year and missed the target set 20,495 CO₂e.

Factors affecting the performance include: increase in commercial and industrial waste levels, resources, new stricter targets and improved data management.

Measure will be updated when 2024/25 data becomes available in early 2026.
