Amber

Priority 2

Objective 2:

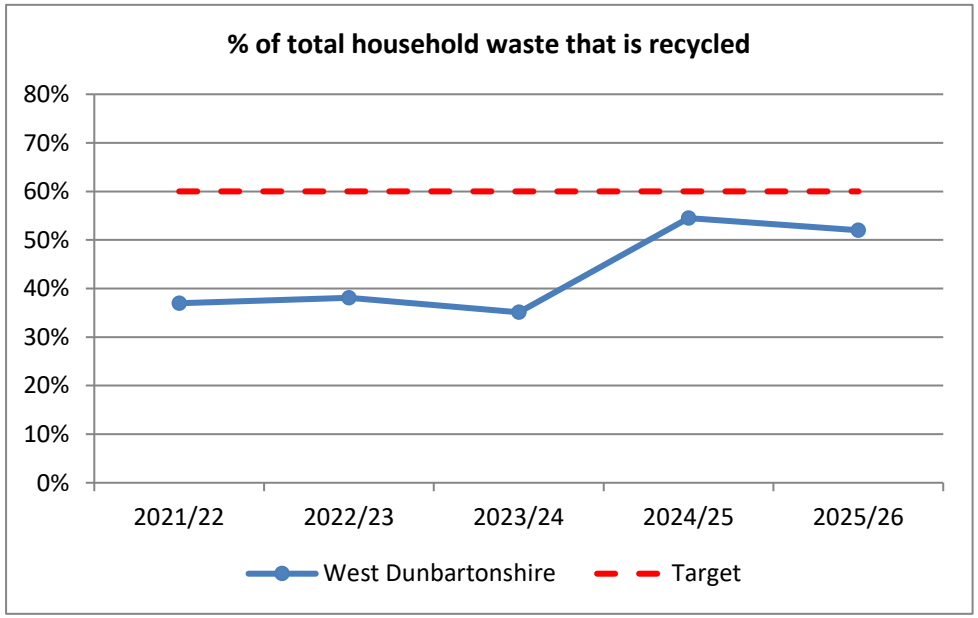

Our Environment - A Greener Future

Indicator:

% of household waste that is recycled

Target:

60%

What does the data say?

Results for 2025/26 show that performance decreased 2.5% from the previous year and the target set was missed.

Performance decreased slightly from the previous year, however long term improvement can be seen due to the implementation of the recycling prioritisation project.

The service will continue working with partners to maximise recycling rates and drive further improvements in performance.
