

Priority 1

Priority 1:

Our Communities – Resilient
And Thriving

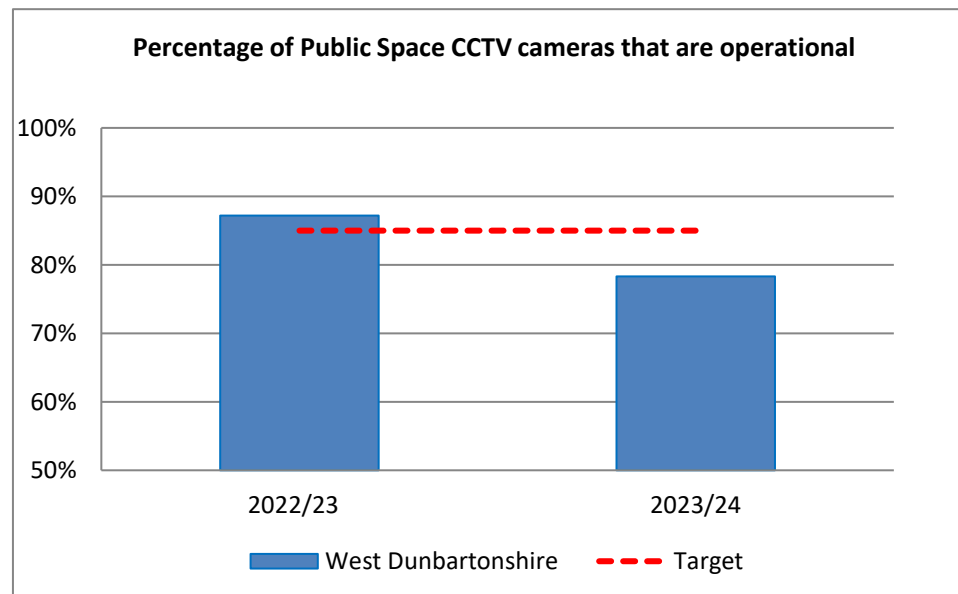

Indicator:

Percentage of Public Space CCTV
Cameras that are operational

Target:

85%

What does the data say?

Results for 2023/24 show that performance has fallen from the previous year and the 85% Target for was not met.

Following a UK Shared Prosperity (UKSP) Funding award there are now plans to implement an extensive up-grade of the CCTV network, monitoring station and wider infrastructure.

The current CCTV equipment and infrastructure is dated and it is anticipated that performance should improve as the upgrade work progresses.
