Indicator:

Percentage of Children reaching Developmental milestones

Target:

78.5%

What does the data say?

This data shows the percentage of children who have reached all of the expected developmental milestones at the time of the child's 27-30 month child health review.

For 2024/25 performance decreased slightly from the previous year but the increased target was met.

Data for 25/26 is available in Sping 2027.
